

Extend Trading Hours of CIEX Token and Price Stabilization Measure

Dear all users,

We are pleased to announce that the CIEX trading session will be extended on November 11, 2019. The changed trading hours will be from 03:00 am to 11:59 pm and will be traded on Saturdays and Sundays. In case of public holidays, notice will be given.

In addition, in order to protect the interests of CIEX investors, we will introduce price stabilization measure. The price of CIEX coins will be kept at a minimum of \$0.01 per token. Users will not be able to sell CIEX tokens for less than \$0.01. This measure will be maintained until further notice.

May I ask you to pay attention to the changes and new measure.

Yours Sincerely,

CIEX Team
